SECRETARY CUMMINGS

Secretary Cummings discussed the department's workshop for new board members, and reported that it will proceed. She alerted the Board to the issues to be presented at that meeting.

Secretary Cummings reported that there was very good representation at the recent Psychotherapy Advisory Committee meeting, although no decisions could be reached because the meeting was not noticed. A valuable contribution was made by DHFS proposing a rule change so that all persons who are receiving third party payment would be required hold a credential.

Board members expressed concern that, without a full board, they may face quorum problems when scheduling meetings for 2001. Secretary Cummings stated that names have been submitted to the governor as public members, and wondered if there is still a need for potential professional members.

UPDATE ON LEGISLATION/RULES

Sarah Bowen clarified the status of pending psychology legislation and informed the board that this legislation will be on the agenda of the next WPA advocacy cabinet meeting.

CE AUDIT

Barbara Van Horne reported that private practice school psychologists often obtain their CEs from the DPI or Milwaukee Public Schools only, which is of concern because these CEs do not relate to private practice. Another issue discussed was the question of how to deal with people who do not comply with CE requirements, which may be addressed in part by including information on CE requirements in the *Regulatory Digest*.

CORRESPONDENCE RELATING TO USE OF EVALUATION TOOLS AND INSTRUMENTS FROM AURORA HEALTHCARE

A letter from Don Crowder, PHD, regarding use of evaluation tools and instruments was discussed.

MOTION: Louis Stamps moved, seconded by Mariellen Fischer, to designate James Fico to replace Charles Moore if necessary to the psychotherapy advisory committee meeting. The board endorses the APA ethical code's position (2.01 - 2.10) on the qualifications for the administration of psychological examinations. Motion carried unanimously.

MOTION: Lou Stamps moved, seconded by Mariellen Fischer, to designate James Fico to respond to Dr. Don Crowder's letter regarding the administration of psychological examinations. Motion carried unanimously.

COMPUTERIZED DELIVERY OF EPPP

The board is awaiting clarification from the ASPPB regarding specifics of implementation of computerized delivery of the EPPP.

DISCUSSION WITH WPA

Sarah Bowen informed the board that the Wisconsin Psychology Foundation is being revitalized and that a planning committee is in place to identify the types of projects that the Foundation will support. She is hoping that the WPA and the foundation can work with the Psychology Examining Board to meet the educational needs that the board has raised. Ms. Bowen suggested that the board provide a list of priorities of issues they would like to have addressed. This item will be placed on the agenda of the board's next meeting. Ms. Bowen is also working to get more visibility of board issues and board actions into the newsletter.
